

YOUR ULTIMATE *RANGER* STARTS HERE.

RANGER Canvas Cab System

The most economical answer to cab enclosure, this soft cab installs quickly and easily. The door windows zip down and the rear window rolls up for the ultimate in ventilation.

RANGER Standard Cab System

This durable steel cab gives you year-round protection from sun, wind and rain. Tinted glass windshield cuts down light emissions and the modular design bolts directly to the cab for a sturdy, rattle-free ride.

NEW | Lock & Ride™ cargo system.

Thanks to Expansion Anchor Technology from Polaris, accessories are now instant-on, instant-off with no tools, no parts to lose and no problems. Now you've got the versatility to add a fuel can and shovel rack for a long day on the job, or switch out to a gun scabbard and cargo box for some hard-charging fun on the trails. And only Polaris guarantees a perfect fit on every RANGER accessory we sell.

For all your heavy-duty pulling needs, the 2544kg WARN® winch is the “must-have” workhorse for every RANGER owner. Big torque, awesome power and 16.76 metres of 11mm aircraft quality cable means you get the job done faster and easier. Thanks to color coded wiring, it attaches in a flash and with 2544kg of pulling power, your RANGER can do hundreds of jobs from pulling old fence posts out of the ground to clearing fields of tree stumps and boulders.
